

ORGANIZATIONAL DESCRIPTION

About Us

Cloud Aggies is a reputed cloud based consulting firm headquartered in College Station, Texas. We provide cutting edge solutions for complex business problems. We have been the market leader in IT consulting for over 30 years, constantly researching about new technologies in the field of Information Technology. Our core activities span from development support, integration, implementation and testing services across all major enterprise software systems. We are the industry experts with the insights and capabilities to help transform the world's leading companies.

Our Mission

- Customer acquisition by reducing the Total Cost of Ownership for our customers through innovative cloud solutions combined with unique customer experience.
- Delivering high quality and business centric solutions
- To discover and analyze customer's needs; recommend, supply and implement solutions which meet those needs on the cloud platform.
- To maintain a corporate philosophy and attitude which takes care of people, service and profit.

Our Vision

- To provide state of the art cloud based communications systems and IT support services that improve our customers' efficiencies.
- To become an industry leader through cutting edge technology, service excellence and innovation in Cloud Computing, Virtualization, and Storage.
